14. [REDACTED] INTELLIGENCE BRIEFING I stopped by the office of Rick Gilmore, on the staff of the Subcommittee on Multi-national Corporations, Senator Foreign Relations Committee, to deliver the background material on Soviet grain provided by [REDACTED] OCI, but Gilmore had called in and said he could not make it back to the office until some time later in the day.

15. [REDACTED] HEARINGS Edward Martin, Administrative Assistant to Senator Edward Kennedy (D., Mass.), called in response to my call to him yesterday and said he had talked with Senator Kennedy and his Administrative Practice and Procedure Subcommittee staff and they feel their request for a hearing is not unreasonable. Martin said if we have a statement already prepared for the Select Committees, we could just summarize it for the Kennedy Subcommittee. I thanked him for checking into this for me.

25X1 17. [REDACTED] LIAISON Richard Gilmore, on the staff of the Senate Foreign Relations Subcommittee on Multinational Corporations, called to inquire as to the status of the letter Chairman Frank Church (D., Idaho) had written requesting access to the CIA's support memoranda regarding international grain developments. I advised Mr. Gilmore that we were pulling the material together and a reply would be sent to Senator Church soon.

25X1A Gilmore is also planning to accompany Senator Dick Clark (D., Iowa) to the USSR near the end of November. He requested a briefing on either 14 or 17 November. [REDACTED] is handling the plans for the briefing.

25X1 18. [REDACTED] LIAISON Edward Braswell, Chief Counsel and Staff Director, Senate Armed Services Committee, called and said that Bill Beecher, of the New York Times, was coming to see him at 10:00 today. Braswell wanted to know if we saw any problem in his telling Beecher that the Agency has been weakened by the current investigations. I said that certainly this could be said but I would not overdo it. I said I even heard a report that Senator Frank Church (D., Idaho) and Representative Otis Pike (D., N. Y.) are concerned and that Braswell might want to mention that. I said these disclosures are having an impact on the intelligence community; that agents abroad are becoming less willing to cooperate; and we are having

25X1 [REDACTED] They feel that anything they give us (plus their identities) will be disclosed. I told Braswell that there have not been a great number of agent terminations but there has been some and an increasing concern from these people. They expect to be protected. I told Braswell it would be useful if he could touch on these points.
